

# LS2 PAC

Take your library and patron services further by choosing TLC's LS2 PAC as your Library•Solution, Library•Solution for Schools, or CARL•X search interface.

LS2 PAC is an exciting, flexible, multi-application platform that merges library automation with the user-friendly amenities of Web 2.0. LS2 PAC is beautiful software that boasts the Book River, an eye-catching representation of a library's titles; RSS news and information feeds that highlight current events and related library books; maps that show where items are located within a library; Google Analytics™ integration; federated searching of in-house and online content; integrated searching of subscription databases; and much more, including:

- List creation and sharing capabilities
- Patron ratings, reviews, and search tags
- Faceted, manageable search results ranked by relevancy
- Customized display of search results
- Genre browsing
- Smart promotion window
- Administrative access to custom-published lists for display case
- Patron recommendations based on ratings
- E•Commerce and LS2 Mobile availability

To learn how TLC's LS2 PAC will elevate your library to the next level, e-mail [info@TLCdelivers.com](mailto:info@TLCdelivers.com) or call 1.800.325.7759.

The image displays several screenshots of the LS2 PAC interface with callout boxes highlighting key features:

- Other Databases:** A callout box pointing to a search results page for 'Garden' with various database sources listed.
- Collapsible Results:** A callout box pointing to a search results page where results are organized into numbered, expandable sections.
- Predictive Results:** A callout box pointing to a search results page showing suggestions for related terms like 'gardening' and 'garden'.
- Smart Promotion:** A callout box pointing to a promotional banner for 'WOMEN'S ART VISION'.
- User Reviews:** A callout box pointing to a 'Borrower Reviews' section for a book titled 'Lovely book!' by Jane Smith.
- Index your choice of RSS feeds:** A callout box pointing to a 'Welcome' message with an RSS feed snippet from TIME.com about 'Inauguration Day Security'.
- Item Mapping:** A callout box pointing to a floor plan map of the 'First Floor: Library Concourse' with various service areas marked.
